

Plexton® Containers

Made from fiberglass-reinforced polyester, **Plexton® Stack-Only and Nest-Only Containers** are ideal for storing, moving and shipping small parts, as well as for autoclaves, healthcare and x-ray/security applications. Thin-wall design and construction gives maximum strength while remaining lightweight. Many options and accessories are available on Plexton containers. (See page 39.)

Add efficiency to assembly, work-in-process and picking applications in a wide range of industries!

- >> Accommodate extreme temperature ranges
- >> High weight capacity
- >> Optional covers can also be used as trays (see page 28).
- >> Nest-only containers nest efficiently when empty and stack with covers.
- >> Stack-only containers stack securely
- >> Versatile SO2420-3 offers the perfect solution for many industrial, confection, electronic, distribution, storage and work-in-process applications

- Healthcare
- Telecommunications
- Metal Stamping
- Confectionery

SO2420-3 with 40 x 48 pallet and top cap
