

# Metal Hopper Racks

Maximize space utilization and provide easy access to containers and parts.

Combine LEWISBins+ Metal Hopper Racks with a wide range of containers to add efficiency to workshops, assembly cells and storage areas. These racks, constructed of 14-gauge steel, offer 75 lb capacity per opening. Each rack is two columns wide and add-on units are available to expand width. Double-depth racks allow part access from both sides. Please specify bin color when ordering. Assembly is required.

## Container Racks

Rack Model	Outside Dimensions (in)			Number of Openings	Bin Quantity Per Rack	Weight (lb)	Add-On Unit			
	L	W	H				Rack Model	Width	Qty Per Rack	Weight (lb)
